

## **ITAL 295- Unessay Proposal**

### **Instructions**

Building on the pre-proposal template, draft a formal 200-250 word proposal in which you describe your unessay proposal. Be sure to include all of the components from this template (project title, description, timeline, materials needed, research to be completed, impact). Include at least one question for me. This is an ideal time to ask clarifying questions/ seek feedback.
